

SANOUEWAR ALAM

React Native Developer

✉ alamsanouwar@gmail.com | 📞 +91 89694719652 | 🔗 LinkedIn.com/in/sanouwar12 | 📄 GitHub.com/alam80

PROFESSIONAL SUMMARY

Experienced React Native Developer with 2+ years of expertise in building high-performance iOS and Android apps. Skilled in React Native, React, and modern UI frameworks. Strong problem-solving foundation with 70+ LeetCode challenges solved. Passionate about crafting scalable, user-focused mobile experiences and continuous learning.

TECHNICAL SKILLS

Mobile Development:	React Native, React, JavaScript, TypeScript, Expo, React Navigation
Frontend Technologies:	Redux, Context API, React Hooks, MobX, React Query, Axios
UI/UX Frameworks:	Native Base, React Native Paper, Tailwind CSS, Styled Components
Mobile Platforms:	iOS, Android, Cross-platform Development
Programming Languages:	JavaScript (ES6+), TypeScript, Java, Python
Version Control:	Git, GitHub, GitLab, Bitbucket
Development Tools:	Android Studio, Xcode, VS Code, Postman, Figma
Data Structures & Algorithms:	Arrays, Linked Lists, Trees, Graphs, Hash Tables, Sorting, Dynamic Programming

PROFESSIONAL EXPERIENCE

React Native Developer | Anviam Solutions Private Limited | Oct 2023 – Oct 2025

- Developed and maintained 3+ React Native applications using Expo and native modules for custom functionality
- Implemented state management solutions using Redux and Context API for complex application requirements
- Integrated Firebase authentication, real-time database, and cloud storage functionalities
- Resolved complex technical issues and bugs, improving app stability and user retention by 25%
- Participated in agile development processes with 2-week sprints and daily standups

Junior React Native Developer | Oasis Infotech | May 2023 – Sep 2023

- Built responsive UI components and screens using React Native and React Navigation
- Collaborated with senior developers to debug and optimize mobile applications
- Implemented RESTful API integration for data fetching and user authentication
- Assisted in writing unit tests and participated in code review processes

COMPETITIVE PROGRAMMING & PROBLEM-SOLVING

- LeetCode Profile:** 75+ problems solved across all Intermediate levels
- Problem Categories:** Arrays, Strings, Linked Lists, Trees, Graphs, Dynamic Programming, Sorting, Searching, Hash Tables
- Skill Level:** Intermediate to Advanced

PROJECTS & ACHIEVEMENTS

Rental Car Booking Mobile Application

- Developed full-stack React Native application with Redux state management and Firebase backend
- Implemented infinite scrolling, advanced filters and integrated payment gateway for a high-performance car booking app.
- Achieved 98% crash-free session rate through comprehensive error handling and testing

Real-Time Chat Application

- Built real-time messaging platform using React Native, Firebase Realtime Database, and push notifications
- Optimized rendering performance for smooth user experience with 1000+ concurrent messages
- Implemented secure authentication and encryption protocols

EDUCATION

Bachelor of Technology in Computer Science & Engineering | IK Gujral Punjab Technical University, Jalandhar | Graduated: May 2024

GPA: 8.20/10 | Relevant Coursework: Data Structures, Algorithms, Software Engineering, Mobile Development
